WHAT IS AI?

Software that learns patterns from data to solve problems and assist human decisions.

DIGITAL TRANSFORMATION CENTERS TECH4ED REGION 6

ICT LITERACY AND COMPETENCY DEVELOPMENT BUREAU

GENERATIVE AI: FROM ANALYZING TO CREATING

Traditional AI

- Classifies
- Sorts
- Predicts

Generative AI

- Draft, Summaries
- Images, Design Concepts
- Voiceover, Music

DICT
DEPARTMENT OF INFORMATION AND COMMUNICATIONS TECHNOLOGY
REGION VI

AI IN THE WORKPLACE: CO-PILOT, NOT REPLACEMENT

Where AI Excels

- Drafting & Brainstorming
- Data & Operations
- Skill Expansion

THE GOLDEN RULE

AI provides speed; humans provide context, ethics, and critical judgment.

"Electricity didn't eliminate the need for workers; it meant they no longer had to work in the dark."

THE POWER OF GOOD PROMPTS

The Anatomy of an Ideal Prompt

01

Give a Role

Assign Gemini a clear job title or perspective before asking a question.

Ex: "Act as an experienced city support officer."

02

Add Context

Explain the background details or the real-world situation happening.

Ex: "We have a 2-week delay on new parking permits."

03

State the Task

Clearly describe what you want the digital assistant to build or draft.

Ex: "Write a polite email explaining the delay."

04

Set Formatting

Specify length, structure, tone, and what language style to use.

Ex: "Write 3 short paragraphs. No legal jargon."

DICT
DEPARTMENT OF INFORMATION AND COMMUNICATIONS TECHNOLOGY
REGION VI

Bad

"Write an email to a customer about a delayed shipment."

Good

"Act as a customer service manager. Draft an empathetic, 150-word email explaining a 2-day shipping delay on Order #402. Offer a 10% discount code on their next purchase to preserve their trust."

AI'S LIMITATIONS: THE "KNOW BEFORE YOU USE" RULES

CORE REALITIES:

- Hallucinations
- Zero Critical Thinking
- Context Blindness
- Data & Security Risks

THE SECURE SANDBOX

The Public Bulletin Analogy

- The Green Light
- The Red Light

Example

You ask the AI: "Hey, what is the official government website where I can apply for a student discount card for the LRT/MRT train lines in Manila?"

"To get your student discount, you just need to register online at www.dotr.gov.ph/student-travel-pass. It only takes 5 minutes!"

"AI is a confident intern: fast, willing, and occasionally dead wrong."

RESPONSIBLE AI & DATA PRIVACY

KEY PILLARS:

- Data Hygeine
- Transparency
- Bias Awareness
- Human Accountability

Your Personal Research Assistant

Unlike general AI chatbots that pull from the open internet, NotebookLM only knows what you tell it. It uses your uploaded documents to answer questions, summarize text, and generate new ideas with zero fluff and 100% traceability.

Your Personal Research Assistant

Unlike general AI chatbots that pull from the open internet, NotebookLM only knows what you tell it. It uses your uploaded documents to answer questions, summarize text, and generate new ideas with zero fluff and 100% traceability.

Core Capabilities

1. 1M-Token Context Window
2. Multi-Modal Ingestion
3. Agentic Search
4. The Studio Panel
